

Coronavirus Guidance for wedding guests

At Crockwell, the safety of our couples, their guests and our staff is our utmost concern. We are working hard with our suppliers and the Northamptonshire registry service to follow government advice to reduce the transmission risk of Covid-19 wherever possible.

Hygiene

We have put in place enhanced cleaning and sanitizing protocols in line with Government guidelines. The entire venue is deep cleaned between events. Our washrooms, public spaces and back-of-house areas are cleaned and inspected frequently. Our staff may be wearing masks or visors.

We ask that you practice good hand hygiene. Please use the hand sanitizer provided when arriving at the venue. You should wash or sanitize your hands frequently during your stay with us.

Social distancing

We want our guests to feel safe in our spacious and well-ventilated venue. Signage is in place to help you comply with Government advice on social distancing. We will be making the most of our beautiful gardens and veranda spaces whenever possible. We ask that you do not close windows, or move furniture. If you are unsure, or need assistance, please ask a member of our team.

Attendance

We all have a role to play in keeping safe during these difficult times. Please do not attend the venue if you, or anyone in your household has symptoms. If you become unwell with virus symptoms whilst visiting us, we ask that you alert a member of staff, isolate and leave as soon as possible.

If you are in a vulnerable group, please consider if it would be better to attend via video-link, or to have the event recorded for you.

In accordance with government advice for NHS track and trace, we will ask all guests and suppliers to provide their name and telephone number, which we will hold on file for 21 days after the event.

If you have any questions before you attend, please do not hesitate to contact us. Your safety and comfort is our priority.
